

Titan Sky: Waste Simplified.

Easy Solutions = Reduction in your costs.

GARAGES AND VEHICLE MAINTENANCE UNITS

Whenever a vehicle needs repairing or servicing, waste is always generated.

Often its just oil and filter but sometimes it's the anti freeze, brake fluid, battery, DPF, absorbent granules, rags, oily packaging, gloves, PPE and sometimes tyres, bumpers, or the whole vehicle.

We've been collecting and recycling these types of waste for years and although the recycling hasn't changed that much the compliance side of it has. So to be on the right side of doing it right, let Titan Sky manage all of the waste for you.

Titan Sky will collect and recycle 100% of what you produce, the goal is to save you money and there are many options from what you produce and easy options too.

We can provide one bin systems to keep everything simple such as all your oily based solid items in a single bin, all your liquids in another and all your general waste in another.

- Engine oils / SUDS / cutting oils
- Anti freeze / brake fluids / Ad Blue
- Lead acid batteries / Lithium Batteries
- Seat belt pretensioners / Air bag devices
- Used aerosols / brake cleaner tins
- Oil and fuel filters
- Brake pads and associated attachments
- Oily absorbents / oily rags, Oily sand/soil
- Various empty containers that had oil/fuel/ fluids in / Oily packaging
- Tyres / Car body panels / car body work
- Used thinners , Flammable wipes and contaminants
- Waste electrical/ electronic /WEEE waste
- Vehicle wash interceptor tanks - emptied, recharged, cleaned, repaired, installed
- Gas bottles and fire extinguishers including nitrous oxide and acetylene tanks
- General Waste, Cardboard, Plastics, Food Waste, Glass Waste , Confidential Shredding

We will come and audit your whole site, might take us a few hours and we will ask questions and look everywhere.

We are compliant, ISO accredited and licensed with the Environment Agency.

We operate our own licensed site, we operate our own vehicles and we have our own equipment.

We do it the right way or we don't do it.

Making more out of your waste, the right way, always.

Reduce → Reuse → Recycling
